

Ashok Krish

President- Kaizen Technologies, Inc. 2003- Present

With over two decades of diversified experience spread across IT/Telecom/Office Automation industries globally, Ashok brings a track record of success and expertise to his position as the President and Chief Executive Officer for Kaizen Technologies Inc. Since he took over Kaizen in 2003, Ashok has been the indomitable force behind Kaizen's growth and expansion. His relentless passion continues to challenge the pressures of the ever-changing trends of IT industry. In 2007, owing to his leadership Kaizen won the "Outstanding Business" award in NJ, USA by the Edison Chamber of Commerce and NJ Best Places to Work 2008,09 &10, Blue Ribbon award-US Chamber of commerce & Ernst & Young Entrepreneur Of The Year® 2009 Award Finalist in NJ among a clutch of other business leadership awards.

Prior to this, Ashok had a long sales and management stint with Xerox (MX) in India where he consistently won the awards and rewards and has successfully set up and steered IT firms in USA towards success and growth. He is a working board member of "Indian American council", in the Council On small Business "US Chamber Of Commerce" Former Charter Member of "TiE - The Indus Entrepreneurs" & Director of SKM Technology & Kaizen Metform.

Ashok's responsibilities include planning directing and coordinating Kaizen's business, strategic planning, developing executive client relationships, driving revenue and extending the overall business model through strategic partnerships for the firm.

Ashok's leadership stems from a deeply held belief, that one leads people by example – by liberating their potential, leveraging their skills and leaving them to pursue clearly defined goals. He has a MBA from California Coast University and Yale Global Executive Leadership Program. Loves out-door activities like hiking, golf and traveling during his spare-time. He lives in North Edison along with his wife and two boys.
